Module 5 Reflection Questions: Putting it all Together

MODULE 5 REFLECTION

1. Think of an example related to your work in which it would be helpful for community partners to better understand PSE approaches.

Who are the partners involved?	
What challenge/problem are you and/or the partner(s) working to address?	
In this case, how might a better understanding of PSE approaches be helpful in working well together ?	
How might a better understanding of PSE approaches be helpful in successfully addressing the challenge?	

2. Look through **Toolkit Part 1**. Select one of the tools or resources and write down how you might use it to address the challenge you identified for the first question.

Tool: _____

How could you use it? _____

3. Look through **Toolkit Part 2**. Select one of the tools or resources and write down how you might use it. You may choose to focus on your own professional development, consider again the challenge or problem you identified in the first question, or something else.

Tool: _____

How could you use it? _____

4. Reflect on what you have learned in Modules 1 through 5, including the toolkit. Write down three specific goals for how you will **apply what you've learned about PSE** approaches.

In the next **three weeks**, I will _____

In the next **three months**, I will _____

In the next **year**, I will _____
